SERVICE

- Trained service technicians on-call 24 hours, 7 days a week
- Focus on clients' needs ensuring downtime is kept to a minimum
- We offer excellent service and preventative maintenance programs on all doors & equipment
- Our professional organization and skilled technicians can assist you timeously and with the correct advice and expertise
- Our staff are technically skilled and are sent on regular training to not only keep them skilled in the latest technology in our field but also to improve their skills which in turn will give you the best service guaranteed.
- We not only provide quality service, we also make sure that we maintain our after-service standards in order to build long-term professional relationships.

OUR CULTURE

Turbo Projects is a business where people work closely together, with the utmost respect for one another and toward our common goals.

As we meet challenges, it is our ability to want to resolve the problems and to find a solution that sets us apart from any other company.

We support each other and our entire team with enthusiasm, positive attitudes and absolute accountability beyond even our own expectations.

NO PROJECT IS TOO BIG OR TOO SMALL!!!!
